Directions _____

Did your cat have medication before arriving? yes no

For your cat's protection, all vaccines must be current. We require Rabies, Feline Leukemia, and FDRCP, for any cat that stays at Cypress Veterinary Hospital. If you are unable to provide proof of these vaccinations, a CVH doctor will provide a comprehensive exam and appropriate vaccines. Your cat must be free of internal and external parasites. If not, we will treat your cat at your expense. Please note that many vaccines do not take affect for 10-14 days, so be sure your cat is vaccinated before boarding for optimal wellness. I agree and understand this policy.

Permission to treat: Should my pet(s) become ill, a Cypress Veterinary Hospital veterinarian may provide all medical and surgical treatment deemed necessary in the doctor's professional judgment. I acknowledge that in the event of my pet's illness, the Cypress Veterinary Hospital staff may not be able to contact me immediately and is therefore authorized to initiate appropriate treatment until I (or the pet's agent) can be reached. I agree to pay all related expenses associated with treatment of my pet until I am available to discuss further care and related fees with the attending veterinarian.

Charges may be more than amount indicated below

Resuscitate my cat Do not resuscitate my cat. I agree to and understand this policy
